

JORIQUE

Homepage Design & Content Specification

Developer-ready reference • Desktop + Mobile • Collections-led luxury experience

CORE DIRECTION

The homepage should make JORIQUE feel like a lifestyle and experience brand before it feels like an ecommerce catalogue. Essential, Signature and Luxe communicate levels of refinement, while customers discover products separately by category.

01 — HOMEPAGE ARCHITECTURE

Recommended scroll order and the job of each section.

01	HERO	Establish the JORIQUE world and emotional promise.
02	COLLECTIONS	Essential → Signature → Luxe. Never imply each tier is a product type.
03	THE JORIQUE WAY	A short philosophy section: comfort as a feeling.
04	EXPLORE BY CATEGORY	Let customers shop by what they are actually looking for.
05	THE JORIQUE EXPERIENCE	Show the lifestyle behind the products.
06	CUSTOMER STORIES	Social proof once genuine review volume exists.
07	FOOTER	Navigation, contact, policies and social links.

Important UX principle

Do not insert a large conventional “About JORIQUE” block immediately after the collections. “THE JORIQUE WAY” should carry the emotional brand message in a much quieter, editorial format.

02 — HERO

The first screen should sell the feeling, not a product.

JORIQUE

Where Comfort Meets Design

Thoughtfully crafted home textiles for a beautiful everyday.

Developer notes

Use a full-bleed editorial lifestyle image/video. Keep copy spacious and calm. No discount banners, product grids, badges or crowded promotional elements above the fold.

03 — THE THREE CORE COLLECTIONS

Use the established collection colors. Photography communicates mood and refinement — not a specific product category.

JORIQUE Essential Everyday comfort, thoughtfully designed. Beautifully crafted textiles for real homes and everyday moments. EXPLORE →	JORIQUE Signature Refined comfort, distinctive design. A considered collection for those who value finer details in everyday life. EXPLORE →	JORIQUE Luxe Elevated comfort, exceptional detail. Our most luxurious collection, designed for a life of quiet indulgence. EXPLORE →
---	--	--

Critical rule

Essential / Signature / Luxe are quality and refinement tiers, not product types. Never label or visually imply “Luxe = bedding” or “Signature = cushions.” Every product category can exist across all three tiers.

04 — THE JORIQUE WAY

A quiet editorial pause between collections and shopping.

THE JORIQUE WAY

Comfort is a feeling.
And a better way of living.

Thoughtfully designed textiles for homes, journeys and spaces that bring people together.

Recommended treatment

One restrained lifestyle image or subtle textile motion. Generous whitespace. This should feel like a brand editorial pause rather than another sales panel.

05 — EXPLORE BY CATEGORY

Now let the customer shop by what they actually want.

BEDDING	Comfort designed for the spaces where the day begins and ends.	EXPLORE →
CUSHION COVERS	Thoughtful details that change the character of a room.	EXPLORE →
TOWELS	Everyday rituals, elevated through texture and detail.	EXPLORE →
TABLE LINEN	Considered pieces for tables, gatherings and everyday moments.	EXPLORE →
WOMEN'S SUITS	Timeless comfort with thoughtful design and refined detail.	EXPLORE →

Product architecture

Every category page should allow browsing by Essential → Signature → Luxe. This preserves the collection system without confusing customers about what each collection contains.

06 — THE JORIQUE EXPERIENCE

Turn JORIQUE from a catalogue into a world.

THE JORIQUE EXPERIENCE

Comfort isn't something you simply buy. It's something you live with.

Show JORIQUE in real moments — slow mornings, thoughtful hosting, restful evenings and beautifully considered spaces.

DISCOVER THE JORIQUE EXPERIENCE →

07 — BEYOND EVERYDAY LIVING

Souvenir and Hospitality extend the same JORIQUE philosophy into gifting, travel and professional spaces.

JORIQUE Souvenir

Thoughtful pieces for meaningful moments.

Keepsakes, gifting solutions and travel-friendly textiles — made to carry comfort wherever life takes you.

JORIQUE Hospitality

Designed for spaces that welcome.

Premium textile solutions for hotels, resorts and hospitality spaces. Durable, elegant and made to leave a lasting impression.

08 — CUSTOMER STORIES

Keep this section minimal until enough genuine reviews exist.

LOVED BY THOSE WHO LIVE WITH JORIQUE

“A beautiful balance of comfort and detail — it changed the feel of the room.”

Customer Name • Verified Purchase

Do not publish invented testimonials. Replace this placeholder with genuine customer reviews and, later, customer photography.

09 — FOOTER & RESPONSIVE RULES

JORIQUE	Where Comfort Meets Design
Collections • About • The JORIQUE Experience • Contact	Instagram • Facebook • WhatsApp • Email
Privacy Policy • Terms & Conditions • Shipping Policy • Returns Policy	© JORIQUE

MOBILE

Do not keep the three collection columns on mobile. Use a vertical editorial experience: Hero → Essential → Signature → Luxe → The JORIQUE Way → Explore by Category → The JORIQUE Experience → Souvenir → Hospitality → Customer Stories → Footer.

Use full-width or near-full-width imagery, large readable serif headlines, generous vertical spacing and simple CTAs. Preserve the same collection colors and typography hierarchy.

TYPOGRAPHY

Branding / headings / product names: Cormorant Garamond. Body / contact details: Manrope. Logo regular; tagline semi-bold; headings medium; product names semi-bold; body regular; contact details medium.

COLORS

Beige #F5EDE3 • Ivory #FCFAF7 • Gold #C6A96B • Black #1A1A1A • Stone Grey #8A847D. Collection colors: Essential #7A8B72 • Signature #243B64 • Luxe #641F2D • Souvenir #B9787D • Hospitality #4B5563.
